Internet Technologies' training course

## Personal data:

female  male

Last name:

First and middle name:

Date of birth (dd/mm/yy):

Place of birth:

Home address:

Country:

E-Mail:

Phone:

Mobile:

Profession:

Institution:

Qualification:

Besides 'Internet Technologies' we are developing a second course: OSINT training. The OSINT training course content is based on the results of a gap analysis within a skill management system. Therefore the help of LEA - especially online investigators - is required.

May we contact you in connection with the OSINT training course development?

yes  no
